

WELL MUSIC / COVENANT

*The Well Music's purpose **is to point people's affections to Christ.** The following covenant outlines the values and expectations that help us accomplish that purpose.*

A covenant is a written agreement between two or more parties, which outline mutual expectations, which are put into practice. The Well Music and team member agree to walk in faithfulness to this covenant for the glory of God.

I, _____, agree to, the best of my ability, to meet the following values/expectations:

Membership:

I have read through TWCC Membership Covenant, and have signed it.

Character:

I commit to be growing in my own relationship with Christ as I am serving in this ministry. The most important thing for the ministry is for me to serve from a healthy place; meaning that my relationship with Christ is maturing daily as I am pursuing him personally, communally, and outwardly.

Engagement:

I commit to have and continue to develop a servant heart; which means that I will work hard at the task I have been entrusted with (*Colossians 3:23*). So, I am expected to learn my parts on the WELL MUSIC RESOURCES WEBSITE and come ready for rehearsal (which is not a time for me to learn my parts and practice, I am responsible for learning my parts beforehand).

Community:

I commit, On the day that I am serving, to be at set rehearsal time. Missing a day that I have committed to serve on should be a rarity. Beyond the weeks that I am serving, if possible, I will attend communal events (Well Music Team Nights, Worship Nights, etc.). In addition, I am expected to be in constant communication with my ministry leader through PLANNING CENTER & SLACK.

Equipping:

I commit to be involved with The Well Music in cultivating a culture of worship through the entire church whether that be serving on a band, shepherding people, coaching the next generation, etc.

Team Member: _____ Date: _____
